Picture THIS Middle School.

This year the Middle School was very busy. Almost all of the time was spent planning new and exciting things for the newly-formed Middle School to do. Some of the new things we've planned this year we're having separate Middle School assemblies and mini-courses. The Middle School still has activities with the Upper School such as language clubs and chapel, but the separation gives both groups the attention that is needed. This year has been a very good start for the Middle School, and the opinions of students are very optimistic.

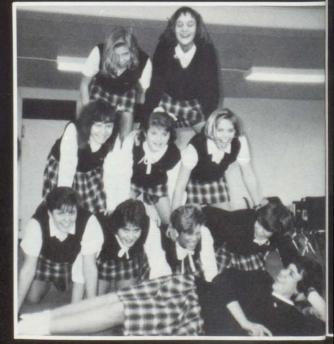

During the 1986-87 year 7th grade has become very different from previous years. This year our class has become part of the "New and Improved" Middle School. Instead of being the younges part of Upper School, we are now the middle of the Middle School. Each Middle School class has some old and new responsibilities. The 7th grade is still it charge of Monte Carlo Night. On the contrary to last year, the 7th grade mus now pass all civies days etc. through two student councils, the Middle and Upper Schools. These changes have helped the 7th grade help the rest of the school function as one body.

8th Grade Poll: Most likely to: Shoshana- to call unnecessary class meetings. Sandra- to be studying in the study hall. Erin- to have her mouth taped shut, and to tell a joke without a punchline. Sarah- to be caught in the act. Maren- to run into a rope-tow. Tammy- to have a different boyfriend every other week. Kelsey- to enjoy sports. Morgann- to be a model for Espirit. Silke- to be trying something new. Chantelle- to be playing football for J.H. Bette Anne- to be the only one dancing on the dance floor. Casey- to be skiing into a bush with the opposite sex. Heather- to be embarrassed.

8th Grade Favorite Sayings: El traino on El tracko . . . Just Joshin' ya around . . . Super Duper . . . I yen you . . . Cooler guys (Hotter women) . . . I can't wait . . . Don't touch me there! . . . J.H. (Junior High) or something . . . Whooooops did I do that? Sorry! . . . g-boing! g-boing! . . Mr. Bill . . . Don't freak out! . . .

Middle School...Middle School...

Sixth grade is new to Middle School. It was pretty tough in the beginning, but now things are going great. Sixth grade thinks Cispus is great and without it we wouldn't know too many people. Using the Kemper Center is really fun for us. The lip-sync was also fun; actually, five people in our class got 2nd place. Astoria was fun. We saw lots of sights and learned new things; so, as you see, sixth grade is a blast!

This club is a new organization in the curriculum and will be forever useful. This year's members are Trisha Casey, Shelley Ledray, Sam Jarrett and Emily Robinson.

Dance Committee

This was also Dance Committee's first year to be recognized as an official club with a budget from student council. The 1986-1987 year was a lot of fun for Dance Committee who planned three successful dances. The first dance featured the band Le Max, the second was a D.J., as well as the third. Dance Committee was able to find sponsors for each dance like Pep Club and S.A.C. This year's members elected by her classmates are (Top) Eva Yang, Kecia Kenworthy, Samantha Jarrett, Sophia Korum, Carla Colombo, Rebekah Holmberg, (Bottom) Melody Dale.

The Lower School Student Council is an extremely productive group. All their hard work helps make this school a better place. Thank you, Student Council!

Picture This: Happenings.

(right) Newton, an Australian Sheepdog, is the newest boarder at our school. Named after "Sir Isaac" for his obvious intelligence, he readily won the hearts of all. He was almost named "Bob" (as in Klarsch) for his strange coat! We love him, and look forward to seeing him around the school.

(below) Mr. Tom Sawyer, grandfather of first grader Patrick, bought the students a puppy at the annual Auction in the fall. Many thanks to Mr. Sawyer!! Andy lived with the boarders, played with the Lower School, and proved that there is room for puppy love.

In late January, Andy was hit and killed by

a car. He will be missed.

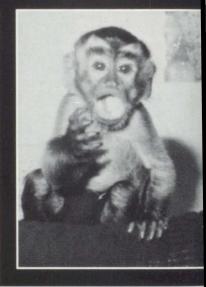

(right) AWS teachers Diane Soucey and Jim Timson were selected to raise their monkey, Winston, by Helping Hands, a non-profit organization which supplies trained capuchin monkeys to quadriplegics in much the same way other programs supply seeing eye dogs to the blind.

Students and faculty alike will play an important part in the socialization of this young monkey, the first vital step in his training which will someday make him an invaluable aide-and friend-to a quadriplegic in need of his unique companionship.

Undoubtedly Winston will leave AWS well-versed in all areas of World History, economics and traditional May Day rites.

Until then, though, he is an amusing and fascinating addition to the school. Good luck, Winston!

Kemper Center Gift.

The Kemper Center, a new addition to our school thanks to the Crosby Kemper Foundation, is wonderful. It provides a dance studio, an elegant gym, and boasts a 360 seat theater, used by Upper and Lower School students alike. Many performances have taken place, and many will in the years to come. The Kemper Center is there for faculty, students, and their families to enjoy. Thank you, Mr. Kemper; we appreciate your gift.

It is the club with all the international students! The club has organized many activities. The greatest celebration is the International Dinner, when all the students take part in something. It's the International Club.

In the '86-'87 school year, although we lost part of our studyhall, we gained a wonderful student lounge. It is a place where we can go to get our minds off our work for a while.

Thanks to everyone who worked on getting the students a place to entertain, relax, and enjoy each other's company without the worry of interrupting classes. We love it!

The Blackboard was born out of a collision of ideas. Ms. Soucey saw a need for increased student knowledge of world affairs; I saw a need to increase knowledge about local ones. The Blackboard is a forum for interesting or thought-provoking material that anyone would like to share. -Paula Gregovich

Highlights from the softball season varied from practicing in the pouring rain to a hair raising 16 to 15 victory over CWA. The season record ended with 4 wins and 1 loss. This has been a great season for AWS' first softball team in many years, and this was just preparation for an expected "killer" season next year.
